

## RESUME: PROFILE SUMMARY

Name : Mr Dinde Shailesh Hari.  
Mobile : +91 8888 763 563  
E-mail : [shdinde@gmail.com](mailto:shdinde@gmail.com),  
Website : <https://shdinde.in>  
Qualification : M.E (Computer Engineering)  
Present position : QA Lead, Aiotlogy Services pvt ltd.

## Professional Summary

Results-driven **Automation Test Engineer** with over **9 years** of experience in **automation testing, functional testing, manual testing, API testing, and performance testing**. Proficient in **Selenium WebDriver, TestNG, Cucumber, Rest-Assured, JMeter, and Agile methodologies**. Strong expertise in **Java, Maven, Jira, Git, AWS, and CI/CD pipelines**. Adept at **developing test automation frameworks**, streamlining QA processes, and leading teams to enhance software quality and efficiency.

## Technical Skills

- **Automation Tools:** Selenium WebDriver, Selenide, TestNG, Cucumber, Rest-Assured, JMeter, Postman
- **Programming Languages:** Java, JavaScript, PHP
- **Development Tools:** Maven, Git, Jenkins, CI/CD Pipelines
- **Testing Expertise:** Functional Testing, Regression Testing, API Testing, Mobile Testing, Performance Testing
- **Databases & Cloud:** SQL, MySQL, AWS
- **Agile & Project Management:** Scrum, Jira, Confluence

## Work Experience

### QA Automation Lead

**Aiotlogy Services pvt ltd. | May 2025 – Present**

- Designed and implemented automation test frameworks using Ghost Inspector.
- Developed API automation using Rest-Assured and integrated it with CI/CD pipelines.
- Conducted performance testing using JMeter to optimize system performance.
- Led and mentored a team of QA engineers, improving test coverage and efficiency.
- Collaborated with developers to ensure timely bug fixes and software releases.

## Associate QA Lead

### Windmill Smart Solutions Pvt. Ltd. | August 2021 – April 2025

- Designed and implemented automation test frameworks using Selenium and TestNG.
- Developed API automation using Rest-Assured and integrated it with CI/CD pipelines.
- Conducted performance testing using JMeter to optimize system performance.
- Led and mentored a team of QA engineers, improving test coverage and efficiency.
- Collaborated with developers to ensure timely bug fixes and software releases.

## Automation Test Engineer

### Unikaihatsu Software Pvt. Ltd. | May 2019 – August 2021

- Developed and executed automated test scripts using Selenium and Java.
- Performed API testing using Postman and automated API validations using Rest-Assured.
- Conducted functional, regression, and integration testing for various projects.
- Worked in an Agile environment, participating in daily stand-ups and sprint planning.

## Test Engineer

### Techno Twit Solutions, Kolhapur | January 2015 – April 2019

- Created test plans, test cases, and executed manual test scenarios.
- Conducted black-box testing, UI/UX testing, and mobile testing.
- Reported defects using Jira and collaborated with developers for resolutions.
- Assisted in automating repetitive test cases to improve test execution efficiency.

## Education

- **Pursing PhD in Computer Science Engineering** – DYPSEM, Kolhapur
- **Master of Engineering (M.E.), Computer Engineering** – PVPIT, Pune University
- **Bachelor of Engineering (B.E.), Information Technology** – KIT's College of Engineering, Kolhapur

## Projects

### 1PLTFRM – Alternative Investment Platform

- Designed and implemented integration tests to enhance platform reliability.
- Automated test scripts for faster and more efficient release cycles.

### Topaz – Wealth Management Solution

- Developed automated regression test suites using Selenium and Cucumber.
- Provided technical guidance to junior testers, improving test execution efficiency.

## OESv2 (Japanese Client) – Exam Management System

- Performed end-to-end functional and regression testing for a SaaS-based online exam platform.
- Automated test execution using Selenium WebDriver and Rest-Assured.

## PRTOT (Japanese Client) – Part-Time Job Management System

- Conducted API and UI testing to ensure seamless job scheduling and task management.
- Developed and executed automation scripts, improving test efficiency.

## HR Management System (EMSGO) – In-house HR Solution

- Designed and executed test cases for payroll, tax calculations, and employee records.
- Automated repetitive test cases using Selenium and integrated them with CI/CD.
